NOTE.—It is not uncommon for Doubloons and parts of Doubloons to be light—Doubloons should be as heavy as American dollars. An act of Congress, March 3, 1843, legalized this kind of gold at 89 cents 9 mills per dwt. When light its true value may be got at by weighing it with American silver, allowing 77 cents for the weight of a five cent piece. Portugal and Brazil pieces can be tested by allowing 80 cents for the weight of a five cent piece.

Sovereign is equal in weight to....39 cents of silver.	Ten Guilder is equal in weight to.25 cents of silver.
Napoleon is a shade lighter than...25 cents of silver.	Doubloon is equal in weight to...100 cents of silver.

RULES TO BE OBSERVED IN USING THIS COIN CHART.

—o—

Those Coins used in Commerce: such as Sovereigns, 20 Franc Pieces, X Thalers, Spanish and Patriot Doubloons and Dollars, &c, will of course fluctuate, with the difference between demand and supply. Their quotation in this book can only correspond with their value in trade, and what they are actually worth in passing from hand to hand.

Other pieces there are among the Silver Coins, (indicated by an asterisk *,) which in many cases fall short in weight or fineness, and are not worth what the full weight and standard pieces are. These we have quoted low, to meet the value of the depreciated pieces.

COINS OF THE ROMAN GOVERNMENT.

In use over 2,000 years ago; obtained expressly for this Manual.

GOLD COINS.

Below are fac similies of the coins used by the Ancient Romans. They have been got with great expense, on account of the distance of bringing and difficulty of obtaining them. The pieces from which the drawings were taken, lay concealed in the coffers of the great Amphitheatre at Pompeii for over 1700 years. They were taken out at the excavation which is now going on, and transferred to the Museum at Naples, from which place we obtained the drawings. Little can be said, as nothing is known relative to their value, at that time. We do not insert them as a matter of utility, but as a relic of antiquity. To the antiquarian, statesman, and philosopher, this will be a great treat.

—O—

The above works have been regarded as

STANDARD AUTHORITY

among business men for the last twenty-five years.

Since their first publication they have been greatly enlarged; every calculation carefully examined, and their general adaptness to the use of accountants so increased, as to render them unsurpassed for accuracy or for the facilities for prompt computation of interest, by any similar work in the country.

The Seven per cent. Table alone affords upwards of

FOUR HUNDRED MILLIONS

of precise calculations in interest.

The Six per cent. Tables possess the same valuable qualities as are found in the 7 per cent. tables. Those who value time will do well to procure these tables.

BEEKMAN STREET,

TO PRINTERS AND PUBLISHERS :---

The undersigned beg to inform the Trade that they have recently issued their

NEW QUARTO SPECIMEN,

and that it is now ready for delivery to their old Patrons, as well as to all who patronize their Foundry. In it will be found a New series of Faces from

PEARL TO PICA,

surpassing if possible their celebrated series of

SCOTCH CUT FACES.

THE FANCY TYPE department exhibits an unsurpassable variety of beautiful styles, selected from France, Germany, and England.

The Scripts and Bordering are now for the first presented to the Printing Public, and are the productions of the best American and European Artists.

An entire New Series of German Faces, both for News Paper and Job Printing, of a very superior Style, is now nearly completed and for sale.

The Metal from which our type is made, will be found peculiarly adapted to the

**Severe Usage of Machine
Press Printing.**

They beg to return thanks for past favors, and to solicit a continuance. Their well known liberal manner of doing business for the past thirty years, is a guarantee to new Patrons of their disposition and ability not to allow themselves to be surpassed for fair dealing, whether orders are by letter or otherwise.

N. B. Proprietors of Newspapers are requested to insert the above three times, provided they will trade out three times the amount of their respective bills in materials of our manufacture, and forward us one copy of the paper containing the advertisement.
